# Identity Theft Impacts Ten million Americans

**Identity theft - (or identity fraud) occurs when someone wrongfully acquires or uses another person's personal data, typically for their own financial gain. Sometimes it is referred to as "identity fraud" since the criminal impersonates rather than 'removes' the victims identity.**

# Identity Theft Impacts Ten million Americans

## Identity Theft Statistics:

10 million victims in U.S.

Victims spend an average of \$1500 and 175 hours to recover

Total cost - \$50 billion

This website is a one-stop national resource to learn about the crime of identity theft. It provides detailed information to help you Deter, Detect, and Defend against identity theft. While there are no guarantees about avoiding identity theft, there are steps you can take to minimize your risk and minimize the damage if a problem occurs:

**IF YOU THINK YOUR IDENTITY HAS BEEN STOLEN, HERE'S WHAT TO DO:**

1. Contact the fraud departments of any one of the three consumer reporting companies to place a fraud alert on your credit report. A fraud alert tells creditors to follow certain procedures before open any new accounts... [more](#)
2. Close the accounts that you know or believe have been tampered with or opened fraudulently. Use the [ID Theft Affidavit](#) (PDF, 56KB) when disputing new unauthorized accounts... [more](#)
3. File your complaint with the FTC. You may print a copy of your complaint to provide important standardized information for your police report... [more](#)
4. File a report with your local police or police in the community where the identity theft took place. Give the police a copy of your FTC ID Theft complaint form. Get a copy of the police report (or, at least, the police report number)... [more](#)
